

SANJANA S

Aspiring Data Analyst & AI Enthusiast

Bengaluru, Karnataka | +91 84315 58718 | sanju17reddys@gmail.com | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

Aspiring Data Analyst and AI Enthusiast seeking internship opportunities to apply analytical, problem-solving, and data-driven decision-making skills. Passionate about data analytics, artificial intelligence, and emerging technologies while continuously learning and contributing to innovative solutions.

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology

7th Semester (Ongoing)

Garden City University, Bengaluru

CGPA: 9.46 / 10 (up to 6th Semester)

PROJECTS

UrbanIQ – Smart City Decision Intelligence Platform | Personal Project

- Developing a data analytics platform to analyze Bengaluru housing data and generate smart location insights.
- Performing data cleaning and exploratory data analysis (EDA) using Python, Pandas, and SQL.
- Building interactive Power BI dashboards for area-wise analysis and data visualization.

Reducing Hallucination in LLMs using Hybrid Retrieval & Verification Framework | Capstone Project (Ongoing)

- Developing a hybrid retrieval and verification framework to reduce hallucinations in Large Language Models.
- Improving response accuracy through RAG architecture and LLM evaluation methods.
- Exploring Generative AI concepts and hands-on LLM evaluation techniques.

AI Complaint Resolution System

- Developed an AI-based complaint handling system with intelligent response generation capabilities.
- Collaborated effectively in a team environment under hackathon time constraints.

Real-Time Object Detection using Python and OpenCV

- Developed a real-time object detection system using Python, OpenCV, and the YOLO model, capturing live webcam video to detect and classify multiple objects with bounding boxes
- Strengthened practical skills in computer vision, image processing, and real-time AI applications

TECHNICAL SKILLS

Languages & Tools: Python, SQL, Microsoft Excel, Pandas, Power BI, Git & GitHub

AI / Data: Data Analysis Basics, Data Visualization Basics, Generative AI Fundamentals

Soft Skills: Analytical Thinking, Problem Solving, Communication Skills, Team Collaboration, Quick Learning, Time Management

CERTIFICATIONS

- Data Science Essentials with Python – Cisco Networking Academy & Garden City University
- Introduction to Data Science – Cisco Networking Academy
- Data Analytics Job Simulation – Deloitte (Forage)
- Artificial Intelligence Fundamentals – IBM SkillsBuild
- Artificial Intelligence and Machine Learning Training Course – Infosys Springboard
